<sup>i</sup> **Fairleigh Dickinson University** is a US based university with a campus in Vancouver. A minimum grade of “C-” is required. Individuals seeking admission to the CMA Accelerated Program who have completed ACCT 2122 (without ACCT 4243) with at least a “B” will be deemed to have met the Introductory Management Accounting prerequisite.

<sup>ii</sup> **Corporate Finance:** Some universities offer a single Introductory Finance course that focuses on key foundational material rather than breadth of topics covered. Where available, CMA BC advises students to take more than the minimum “Introduction to Finance” indicated in order to obtain optimal coverage of the CMA Entrance Exam Competencies (Required Topics).

<sup>iii</sup> Course listing reflects **SFU**’s standard and **MOT MBA** programs (and **Graduate Diploma**) only. Currently EMBA students may be eligible for a unique Joint MBA/CMA program and should consult CMABC Programs for specific requirements. MFRM and GAWM applicants may have substantial advanced standing based on their undergraduate degree so will be evaluated on an individual basis.

\*Graduate diploma students proceeding to the SFU MBA should anticipate taking the relevant 700 level course also.

<sup>iv</sup> For **University Canada West**, a private university based in Victoria, the minimum acceptable letter grade is “C+”.

<sup>v</sup> The **University of Phoenix** offers classroom and on-line courses and programs, geared to mid-career adult learners. Unless otherwise stated, students must have obtained at least “C” standing in a course in order to request Advanced Standing. Students should check with other provincial CMA offices and/or other postsecondary institutions regarding transfer of credits.

In addition to courses listed above, CMA BC will recognize the following for purposes of acceptance into the CMA Accelerated Program:
